

COURSE LISTING

General & Honors Core Classes

Monsignor Pace High School's General and Honor courses follow the requirements set by the Florida Department of Education's curriculum. They are designed to meet the learning needs of each student, while preparing the student for a successful post-secondary education.

General Classes receive a standard weighted grade point average, based on a 4.0 scale.

Honor Classes receive a point above the standard weighted point, based on a 5.0 scale.

Geometry	Writing I/II

Advanced Placement Courses

Monsignor Pace High School offers 18 Advanced Placement (AP) Courses. Each course meets the requirements set by College Board and have received official recognition from College Board. The courses provide a college-level learning opportunity for students with an academic rigor and college level experience.

For each curious and motivated student, there is an AP course that matches their unique interests. AP Exams are an essential part of the AP course experience, and help students:

COURSE LISTING

- Stand out in the admissions process.
- Earn academic scholarships and awards from colleges and universities.
- Experience college-level academics now, while they're still in high school.
- Earn AP Scholar Awards, an academic distinction granted each September by the College Board to students with exemplary AP Exam grades.

AP Exams are rigorous, multiple-component tests in each subject that are administered at Monsignor Pace High each May. Students can earn college credit, placement, or both for qualifying AP Exam grades. Each AP Exam has a corresponding AP Course and provides a standardized measure of what students have learned in the AP classroom.

Each year our students are part of more than 1.6 million high school students at over 17,000 schools worldwide participating in AP Exams. More than 90 percent of four-year U.S. colleges and universities grant credit or placement for qualifying AP Exam grades.

Dual Enrollment Courses

Monsignor Pace High School, in partnership with Florida International University and St. Thomas University, offer college credit courses in various academic areas. For a minimal fee, the Dual Enrollment courses provide students the opportunity to take college-level courses and receive college credits, while never leaving the high school classroom.
